Considering a NEW Year's commitment to babies, toddlers and their families?

Parent Infant Partnership (PIP) UK is a charity that has been established to set up local PIPs across the UK that offer specialist infant parent therapeutic interventions to vulnerable families in local communities. We currently have seven PIPs in our rapidly growing network that are providing an important service as part of a perinatal strategy and pathway.

As part of a start-up package we provide seed funding | Clinical expertise | HR | Infrastructure | Partnership | Business support | Consultancy | Policy | Data Collection system | Clinical measurements | Network | IT | Marketing | Advocacy | Investment and training.

One of our key pillars is that of facilitating the 1001 Critical Days Campaign which recently hosted the relaunch of the 1001 Critical Days Manifesto in Parliament this week and also provides the secretariat to the All Party Parliamentary group (APPG) Conception to Age 2: first 1001 days.

Legal Status: Charitable and Company limited by guarantee

Number of Meetings per year: 6 board meetings bi-monthly, plus committee meetings as required and an away day – Monday 11:30am – 2:30pm (working lunches). 2016 dates available.

Skills / Experience / Expectations

We're looking to recruit trustees with experience and expertise primarily in business/finance management, marketing/PR/events management, fund-raising/income generation, law, commissioning and HR.

Training opportunities and Expenses available

Closing Date: ongoing
